Bellingham Marine Beefs Up Sales Force by Appointing Bryce Fisher as Manager of Project Development

Bellingham Marine has hired an industry veteran in Bryce Fisher. In his position of lead sales rep for the company, Bryce will oversee all marina projects in the Gulf states as well as Oklahoma, Kansas, Missouri, Arkansas and the east coast of Mexico.

Galveston, TX, USA – 14 February 2017 – Bellingham Marine is pleased to announce that Bryce Fisher has joined its sales team as manager of project development for Texas, Louisiana, Mississippi, Alabama, Oklahoma, Kansas, Missouri, Arkansas, the western panhandle of Florida and the east coast of Mexico.

Located in Galveston County, Texas, Bryce will work with clients who are pursuing marina or commercial marine construction projects.

As a manager of project development for Bellingham Marine, Bryce will provide clients with permitting, feasibility and market development support. He will also provide evaluation of site-specific design criteria, engineering management and project coordination.

Bryce has a long history in the marine industry. His 20-year career includes marina management, marine construction, and the development and sale of custom products to major boat manufacturers. He also holds a USCG 100-Ton Master Near Coastal Captain License.

“Bryce brings a tremendous amount of talent to our team and a unique perspective as a marina manager and boat captain,” shared Bellingham Marine President and CEO Everett Babbitt. “We are thrilled to have him on our team. I know his expertise and customer focus will be of great value to our clients.”

As the world's leading marina design-build construction company, Bellingham Marine specializes in floating dock, floating platform and floating wave attenuation systems for marinas worldwide. The company also produces dry storage systems for the upland storage of boats.
